Birding on Palmer Ranch

This week's photos are of White Pelicans seen visiting the grounds of *Palmer Ranch*.

White Pelicans are one of the largest birds in North America, with a 9-foot wingspan. Similar to Brown Pelican in shape but much larger, and very different in habits: occurs far inland, feeds cooperatively in shallow lakes, does not dive from the air for fish. Despite its great size, a spectacular flier, with flocks often soaring very high in the air, ponderously wheeling and circling in unison.

We would like to encourage you to send in your photos of birds seen on Palmer Ranch to feature in future newsletters. If you've pictures you'd like to share, please email your photos to Carrie at carrie@palmerranch.net. Please include your name, species and location of where the photo was taken.

11:30AM – 1:00PM at TPC Prestancia

The Newcomer Luncheon is open to all TPC Members, friends and Palmer Ranch residents . It is an opportunity for individuals and couples to meet new friends and get involved in the community.

Special Guest Speaker Christine Johnson

Protecting the bays, beaches, and barriers of the beautiful Florida Gulf Coast.

Christine, President of Conservation Foundation of the Gulf Coast since 2011, is a fifth generation Floridian that shares the Foundation's vision of protecting lands and making our region extraordinary. The Conservation Foundation works with landowners, businesses, and government to protect the character and natural integrity of the bays, beaches, barrier islands and their watersheds. A nationally accredited land trust, the Foundation purchases natural areas, holds land preservation agreements and educates for responsible land and water stewardship in Manatee, Sarasota, Charlotte and Lee Counties. To date, Conservation Foundation has preserved just about 8600 acres across 33 properties on Florida's Gulf Coast.

COST: \$20 *(Includes Tax and Gratuity)*
Member Charge or cash , credit card.
