- II. Special Guests: Carolyn Eastwood, Sarasota County Interim County Engineer; Robert Fakhri, Sarasota County Manager of Traffic Engineering and Operations; and Shannon Rodden, County Transportation Engineer. Garry Wharton introduced the guests at the meeting and explained that Mr. Fakhri will update the meeting attendees regarding the 4-Way Stop sign requested at the intersection of Central Sarasota Parkway and Honore Avenue and the traffic studies and plans for the intersection. Mr. Fakhri explained that the traffic studies done by Sarasota County did not support the 4-Way STOP sign request. The installation of a traffic light was also not supported by the traffic analysis done. He also confirmed that a round-about was in the process of being approved per the request submitted by Stantec and supported by Palmer Ranch Holdings which has put out a request for bids. The projected installation of the round-about at Central Sarasota Parkway (CSP) and Honore Avenue would be in April, 2016 during the low tourist season. Garry Wharton thanked the guests for their explanations and opened the meeting to questions from the community. More than one PRMA Trustee made a suggestion to improve the visibility of entering Honore from CSP by removing two large palms trees that block the view of traffic heading south on Honore Avenue. Mr. Fakhri informed that the County would look into this suggestion. A community member attendee also made a suggestion for clear instructions about how to navigate the round-about once installed. Mr. Fakhri will send Tracy Smith, Palmer Ranch Master Association, projections for future North and South traffic on Honore Avenue. Mr. Wharton and the meeting members thanked the guests for their time and sharing of information.
