HONORING ALL VETERANS ON VETERAN'S DAY

Veterans Day is a time to thank those who are serving or have served and are still with us. Memorial Day is to reflect and remember those who lost their lives in service to their country. Confusing the two or combining the two diminishes the importance of both. As we approach the official Veterans Day, on **November 11th**, we would like to honor our Palmer Ranch neighbors who are serving or have served in the armed forces. From all of us at the Master Association office, we thank you for your service and sacrifice. We are forever grateful!

Hurricane Ian – Update

PRIVATE ROADWAYS, HOAs, AND MANUFACTURED HOME DEBRIS COLLECTION

With a focus on the hardest impacted areas of the community in the southern portion of Sarasota County, a petition has been submitted by the county to FEMA with a specific request to authorize and accelerate debris collection from within private roadways, HOAs, and manufactured home communities.

FEMA considers industrial parks, golf courses, cemeteries, apartments, condominiums, and manufactured home communities as commercial properties and these types of properties are generally ineligible for debris removal because commercial enterprises are expected to retain insurance that covers debris removal. FEMA may provide an exception for these areas, however FEMA must approve the work prior to the removal of debris.

The county has connected with local, state, and federal representatives to support and lobby for the request to remove debris from private properties as a critical threat to public, life, safety, and economic recovery to the community at large.

Sarasota County's debris recovery operations team has already begun project planning to determine what resources may be requested if FEMA grants the authorization to proceed.

If authorized, FEMA guidelines require homeowners to place residential debris directly in front of their property or alongside of the roadway to be eligible for collection. Bulk debris piled from more than one residential property will be ineligible for collection.

Residents who live on a private road with restricted access (locks, gates or guards present) must grant the county the right to enter the roadway for debris removal PRIOR to any debris removal. This requires a completed Right-of-Entry/Hold Harmless form that is signed by the legal owner of the road or a legal representative, such as a homeowner's association or management company. To obtain the form, contact Sarasota County at (941) 861-5000.
